Submission: Dear Sir I support the Eurobodalla Shire Councils special rate rise. The documentation I have received in the mail from the council and have been able to access on their website, has allowed me to be fully informed on the purpose, financial benefits and future essential projects. I was particularly impressed with the savings that have been made and the long term vision shown. As a new resident to the shire, it is this willingness to address major issues that has encouraged me to write to you requesting your positive support Eurobodalla shire council's special rate rise.
