

Important information from the Clarence Valley Council.

Residents of the Clarence Valley should now have received information about a possible move by council to increase general rates by 8% a year for three years from 2018/19, with a total increase of 25.97%.

Residents are encouraged to read the information carefully and provide their views by either writing to council or completing an online survey that is available on council's website. Public meetings will be held in Iluka, Yamba, Maclean and Grafton. Contact council for details.
