

# Keep Up | Get Ahead | Back Ourselves

## Have Your Say On the future delivery of services in Blayney Shire and how they will be funded

### Do we want to Keep Up, Get Ahead and Back Ourselves?

As a community we need to decide how our future services will be funded. Council is proposing rate increases for six years of 15% per annum (cumulative) to sustain funding of future services and improve the asset shortfall for roads, bridges, parks, recreation facilities, buildings and township beautification.

Township and village forums are being held to present funding options so you can have your say on the future. Options involve a rate rise of 3.3% and 15%. Further options will also be discussed based on independent assessments by the Western Research Institute.

### Here's when and where the forums will be held:

Day & date	Time	Location	Venue
Tuesday 15/10/13	1.00pm	Blayney	Blayney Shire Community Centre Church St. Blayney

Thursday 24/10/13	5.30pm	Blayney	Blayney Shire Community Centre Church St. Blayney

At each forum we will look at the results of the Blayney Shire Services Survey, (if you haven't sent yours back please do so) the township improvement plans and their projects and the condition of the Shire's infrastructure. Funding options will be presented along with associated rate increases. You will then have the opportunity to tell us what you want.

**Please come along to one of the forums and bring your family and friends.**
