

***Water Industry Competition Act 2006***

**Schedule 4, clause 10**

**Notice of decision – Grant of scheme approval**

**Approval No. 25\_032SA**

The Independent Pricing and Regulatory Tribunal (**IPART**) grants the scheme approval for the Kooragang Industrial Water Scheme under Schedule 4, clause 10(1) of the *Water Industry Competition Act 2006* (**Act**).

The scheme approval takes effect on 1 March 2025.

In considering whether to grant the scheme approval and what conditions to impose on the approval, IPART had regard to the objects in sections 2A and 5A of the Act.

The scheme approval is attached.

# Approval Terms

## 1. Grant and authorisation

- 1.1 The Independent Pricing and Regulatory Tribunal grants this approval under the Act, Schedule 4, clause 10(1).

Note: This approval is deemed to be an approval granted under section 7B of the Act.

- 1.2 This approval authorises the registered operator to construct the authorised infrastructure for the authorised purposes in the area of operations in accordance with the specifications set out in this approval.

Note: This clause authorises the registered operator to carry out certain activities that would otherwise be prohibited under section 6 of the Act. This authorisation does not provide an exemption from obligations under other laws unless expressly provided by those laws.

## 2. Approval conditions

- 2.1 The authorisation in this approval is subject to the standard approval conditions specified in Schedule G, Item G2 and the special approval conditions specified in Schedule G, Item G3.

Note: The Act and Regulation contain additional conditions.

## 3. Interpretation

- 3.1 Expressions used in this approval that are defined in the Act or Regulations have the meanings set out in the Act or the Regulation unless the context otherwise requires.
- 3.2 In this approval, unless the context otherwise requires:
  - a. the singular includes the plural and vice versa,
  - b. a reference to this approval includes any schedule to this approval,
  - c. a reference to a schedule is to a schedule to this approval, and
  - d. explanatory notes and headings do not form part of this approval, but in the case of uncertainty may be relied on for interpretation purposes.

- 3.3 In this approval:

**Act** means the *Water Industry Competition Act 2006*.

**area of operations** means the area specified in the approval authorisation table.

**authorised infrastructure** means the water industry infrastructure specified in the approval authorisation table, including (as specified):

- a. authorised drinking water infrastructure,
- b. authorised sewage disposal infrastructure, and
- c. authorised recycled water infrastructure.

---

**Regulations** means any regulations made under the Act.

## Schedule B Illustrative map

The area of operations and authorised location of infrastructure are set out in Schedule H and Schedule I using GIS coordinates. The map in this schedule is included for illustrative purposes only. If there is an inconsistency between the map and the GIS coordinates in Schedule H or Schedule I, the GIS coordinates prevail unless they contain an obvious error or misdescription. If there is an obvious error or misdescription, this map may be used as an interpretative tool to assist to identify the boundary.

# Kooragang Industrial Water Scheme

-  the location that the water industry infrastructure, other than pipelines within the reticulation network connected to the infrastructure, is authorised to be constructed
-  the area (the area of operations) within which the water industry infrastructure, including a reticulation network connected to the infrastructure, is authorised to be constructed

## Schedule C Authorised drinking water infrastructure

Not authorised.

## Schedule D Authorised sewerage infrastructure

Not authorised.

## Schedule E Authorised recycled water infrastructure

### Item E1 Specified infrastructure

The following water infrastructure used, or to be used, for or in connection with the collection and treatment of recycled water for the production, supply and use of further treated recycled water:

- (a) treatment plant and ancillary infrastructure,
- (b) water reticulation network and pumping stations,
- (c) water storage tanks, and
- (d) infrastructure for the further chlorination of recycled water.

### Item E2 Authorised purposes

The authorised purposes for which the recycled water infrastructure specified in Item E1 is intended to be operated are the:

- (a) production of recycled water from recycled water,
- (b) treatment of recycled water,
- (c) filtration of recycled water,
- (d) storage of recycled water,
- (e) conveyance of recycled water, and
- (f) supply of recycled water to customers.

## Schedule F Staged scheme

Not applicable.

## Schedule G Approval conditions

### Item G1 Interpretation

If any condition, or part of any condition, is unlawful, that condition, or part of the condition, is severable and does not affect the validity of the approval or the balance of the conditions or condition.

### Item G2 Standard approval conditions

#### G2.1 Maintaining appropriate insurance – design phase

2.1.1 The registered operator must hold, or ensure that any person it engages to design water industry infrastructure for the scheme holds, professional indemnity insurance in relation to the scheme during the design phase and for a minimum of 6 years from the date of the completion of the design phase.

2.1.2 In this condition G2.1, **design phase** means the period during which any design works are carried out in relation to the water industry infrastructure for the scheme.

### Item G3 Special approval conditions

#### G3.1 Infrastructure designed and constructed to be fit for end-uses

3.1.1 The registered operator must ensure the water industry infrastructure for the scheme is designed and constructed to enable the supply of recycled water that is fit for the end-uses specified in Table G3.1 below.

Table G3.1

- |  |
|--|
| <ol style="list-style-type: none"> <li>1. Industrial purposes including cleaning, wash down, cooling tower make up and dust suppression</li> <li>2. Fire fighting</li> </ol> |
|--|

#### G3.2 Environmental risk mitigation measures

3.2.1 The registered operator must implement environmental risk mitigation measures substantially consistent with the environmental risk mitigation measures identified in the REF where the registered operator carries out any activities authorised by this approval.

3.2.2 In this condition G3.2, **REF** means the documents titled:

- (a) "Kooragang Industrial Water Scheme (KIWS) Review of Environmental Factors", Final, prepared by SKM and dated September 2011; and

(b) "*Kooragang Industrial Water Scheme Addendum Review of Environmental Factors*", Final, prepared by Hunter Water Australia and dated May 2013;

and does not include any modified version of those documents or any documents replacing them.

G3.3 [Not applicable]

G3.4 [Not applicable]

G3.5 [Not applicable]

G3.6 [Not applicable]

## Schedule H Area of operations

The area of operations is the area bounded by the GIS coordinates listed in Item H1.

### Item H1 GIS coordinates for outer bounds of area of operations

Note: Coordinate reference system is MGA 56
