Subject: Shoalhaven Rate Increase

To whom it may concern

I as a Mollymook resident wish to object to the Councils proposed rate increase as being excessive and highly unfair to rate payers. If this goes ahead it will impact many residents already struggling to pay their every day bills and will have a significant flow on effect to local businesses when residents have to cut back on spending and any leisure activities they may attend at present.

I am hoping that something can be done to prevent the significant increase to go ahead.

Yours sincerely
