Submission: Rates are already quite high and 33% more is just a disgrace. I live in the rural part of the Hawkesbury, on a dirt road that will only get maintained if i call up and complain. And even then its a half job. The garbage man does not come down our road so we have to take the bins to the top. The Hawkesbury will not be able to keep its rural feel if the rates are increased and people on acreage are forced to move
