Submission: I am against this rates rise because i find it highly unfair and ridiculous. It seems between the bank and the council as to whos rates are the highest. How are people supposed to live especially if their house is a low income house. Having a health condition myself and having children with disabilities it seems that the council is trying to forse people out of house and home. if this is approved how will people be able to afford food or medication or anything like this? Why does this have to happen? If you were in my postion would you be for this? If you depend on a centrelink payment and having a set budget for all of your bills etc while having children with disabilities and a health condition yourself would you be for this? ALL COUNCIL IS DOING IS SENDING PEOPLE INTO BANKRUPTCY AND MAKING THEM HOMELESS.
