Date of submission: Monday, 20 July 2015

Submission: I have been a resident and rate payer within the Marrickville Local Government Area for over 17 years.

I am opposed to my local Council being forced to amalgamate with other Councils, as I believe we will lose the community spirit that Marrickville Council nurtures, encourages and supports.

Marrickville Council's proposal has proven that they are Fit for the Future, and are able to stand alone.
