My husband and I live in Cootamundra. We are objecting to council's submission of a 53.5% rate increase over 5 years. Many people in our town are pensioners as we are. Most people are on average wages. Our farmers will have to pay thousands of dollars more in rates which will not be good for our town. Our forced amalgamation with Gundagai Council has not helped this situation. This extreme rate increase should not be allowed to go ahead. If council needs this amount of rate increase to be financially stable, then something is terribly wrong, and we the ratepayers should not be punished for it.
