**Subject:** City of Sydney Mega Council Opposition

As long term residents of Potts Point (>25 years), and as tax payers my husband and I are totally opposed to the "mega council " being proposed by the NSW government. We believe that our area of Sydney has been and will continue to be the best provider of amenities in the world if allowed to continue within it's present area. We believe our standard of living and local representation will be compromised if merged with other areas.

As such, we oppose any amalgamation

Diana Brookes and Brian O'Reilly
