Angelo Tsirekas
Mayor of Canada Bay Municipal Council,,

Faker of Burwood and Strathfield Mayor

To whom it may concern within Council

I am vigorously and purposefully opposed to any merger of Auburn Council with any local government area of Canada Bay, Burwood and Strathfield Councils.

All of these councils, whilst multicultural municipalities, have absolutely no common affiliations with Auburn area residents.

Services which are in high demand in Auburn , social security issues and frankly social differences require specific interventions. They would not resonate in the above named local government areas. Huge increases in rates would result. Community focus in Auburn is totally different to that in our council areas.

My wife and I totally oppose this weak-knead suggestion.

George Mencinsky
