Submission: The amalgamation of Strathfield Council makes no sense. Strathfield has been a good corporate citizen: planning and spending wisely, managing its budget well, concerned for the well-being of its citizens, enabling a highly multi-cultural community to thrive.

Why reduce us to joining other Councils that are in debt, have a poor record in the provision of services, have failed to respond wisely to the needs of citizens?

Strathfield has met all the government's criteria for a viable Council. Do NOT amalgamate Strathfield with any nearby Council!
