Submission: I am writing to you regarding Council Amalgamation/FFF. I fully support Pittwater Councils submission to stay within current boundaries AND continue to work with other Councils to improve their performance/ efficiencies through organisations such as SHOROC. I am a member of Clareville and Bilgola Plateau Residents Assoc (CABPRA) and fully support their submission to you re Pittwater Council to stay within current boundaries and work with other councils to improve efficiencies without the need to Amalgamate .I also support Pittwater Forever submission to you on this subject. No evidence has been tabled within Australia or globally to show Mega Councils are more efficient ,quite the opposite is published
