This is an appalling development. How will common folk be able to afford to live. You can forget affordable housing as there won't be any. The current system seems to work fine. Being tagged to the incomes of Council staff will not allow for cost reductions, improvement, and increase corruption and reduction of services. This has no place in our society, we will go back to Landlords (The Rich) and become serfs or tenants! This under a Labor Government is a stab in the back for the Common Man!! As it is the above average rate increases are impacting on home owners from New owners to pensioners, do this and rates will go beserk and uncontrolled.
