

Author name: R. Horniblow

Date of submission: Wednesday, July 15, 2015

Submission: I want you to pay particular attention to, and to enforce, the clause in Randwick Council's submission that opposes forced council mergers, and therefore that no council merger take place unless the results of a community referendum deem it to be by majority approval. The majority of Randwick residents do not want a council merger, a submission by our council was only accepted as a way of indicating a preference in the event of mergers being forced upon us.
