R. RICKETTS

06/03/2017.

Dear Sir, with

I respectfully object to Shoalhaven Council's application before IPART to increase the Rates by 33%. Realistically a longer term strategy would be preferable.

A large percentage of Rate Payers in the Shire are of a low income situation.

There would be an increased factor of Hardship created if this application is successful.

I hope that your committee can be persuaded to reject this severe proposal.

Yours Sincerely
R. S. Ricketts.
