---

Dear Ipart,

I am totally opposed to the proposed SRV for the ratepayers of the Clarence Valley. I live in a single occupant/income house that I own. The increase in rates will cause me financial difficulty, especially considering rates are already very expensive. Also, I have to say, more than half of the current Councillors ran, as part of their campaign, **NO SRV**, so for this to now go forward is extremely disappointing.

Yours faithfully,

Stephen Fletcher,
