

Valerie Anne Yates

To the
Local Government Team,
(Independent Pricing and Regulatory Tribunal.)
do when it may concern,

11-3-15

I have been a resident and
home owner in the Blue
Mountains for over thirty years,
I am an age pensioner, and,
I believe the proposed 40%
increase in my rates over the
next few years to be unfair.
This would cause great hardship
to me and many other Blue
Mountains residents.

I hope you will take this
into consideration.

The Blue Mountains City Council
has wasted money over the years:
An example being investments that
have actually lost money.

Yours sincerely,
Valerie Anne Yates
