Select Council	Lismore City Council
If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	no no no no lismore city council have ample funding, it is just squandered on pet projects and overpaid top heavy chair warmers in management positions, thier grab of money for roads will be nothing but a waste as no one on council can build roads properly to start with, all major roadworks in the last ten years have had to be either redone or have major repairs, more of rate payers money will just be wasted, someone from government needs to step in to show lcc how to get back to basics, roads, rates & rubbish, whilst at it conflicts of interest should be investigated as should be jobs for the boys
Your comments on Criterion 1:	the communities desire is for lcc to spend wisely & efficiently not squander money on pet projects
Your comments on Criterion 2:	lcc council tried to dupe rate payers by not telling the whole truth on rate rise percentages by not including the valuer generals increases in property values slated for this year
Your comments on Criterion 3:	lcc councilors are spruiking low cost tiny houses as a remedy for the homeless, how many more homeless will there be if massive increase in rates go ahead?????
Your comments on Criterion 4:	as the documents show lcc didnt tell the ratepayers the whole story evident by the proposal to go back to the ratepayers after the ipart decision is made to inform them what the real increases will mean after the valuer generals notices are received

Your comments on Criterion 5:	the lismore city council has no real cost containment procedures in place as can be seen by taking funding from one project to try to fund others, effectively robbing peter to pay paul
