Submission: As a resident of Annandale I wish to support Leichhardt Council's submission to remain a stand-alone council. Our Council ranks the third most financially sustainable council in Sydney whereas the five biggest Sydney councils all rank at the bottom. All the independent research shows that Leichhardt would be better off standing alone than it would merging with any combination of the six inner west councils.

We are very satisfied with the services our council provides and can only see a deterioration in these services with an amalgamation.

**WE STRONGLY SUPPORT LEICHHARDT COUNCIL REMAINING A STAND-ALONE COUNCIL..**
