Summary of Network Operator Licence: 09_001

General information	
Licensee name	Veolia Water Australia Pty Ltd Click here to see documents related to this licensee
ABN/ACN	061 161 279
Licence number	09_001
Authorised persons (other than the licensee)	NA
Licence type	Network operator
Authorised activities	To construct, maintain and operate water industry infrastructure as specified in section B below
Any limitations	NA
Licence application date	7 October 2008
Date of grant of licence	8 April 2009
Licence review date	No later than: 8 April 2019
Area of operations	Fairfield recycled water treatment plant, refer to the licence for details
Conditions imposed on licensee by Minister (Act, section 13(1)(b))	Refer to the licence
Licence variation(s) (Act, section 15)	Varied on 26 July 2015 (5-yearly review) refer to licence variation for details.
Licence enforcement action(s) (Act, section 16)	Nil
(A) For drinking water infrastructure,	
Source(s) from which water handled by the infrastructure is derived	NA
Licensed retail supplier or public water authority that has access to the infrastructure for the purpose of supplying water to its customers	NA
Any other water infrastructure to which the infrastructure is connected	NA
(B) For non-potable water infrastructure,	
Source(s) from which water handled by the infrastructure is derived	Sydney Water Corporation's Liverpool to Ashfield pipeline (secondary treated effluent)
Authorised purposes of water	Cooling tower make-up, industrial process, wash-down, fire fighting, irrigation, toilet flushing, washing machine (cold tap only)
Licensed retail supplier or public water authority that has access to the infrastructure for the purpose of supplying non-potable water to its customers	Sydney Water Corporation and AquaNet Sydney Pty Ltd (10_01R) via SGSP Rosehill Network Pty Limited (09_002)
Any other water infrastructure to which the infrastructure is connected	Sydney Water Corporation's Liverpool to Ashfield pipeline
(C) For sewerage infrastructure,	
Licensed retail supplier or public water authority that has access to the infrastructure for the purpose of providing sewerage services to its customers	NA
Any other sewerage infrastructure with which the infrastructure is connected	NA
Description of the arrangements for the disposal of waste from the infrastructure	NA

Water Industry Competition Act 2006 (NSW) – section 20(1)

Summary of Network Operator Licence: 12_016

<i>General information</i>	
Licensee name	Orica Australia Pty Ltd Click here to see documents related to this licensee
ABN/ACN	004 117 828
Licence number	12_016
Authorised persons (other than the licensee)	NA
Licence type	Network operator
Authorised activities	To construct, maintain and operate water industry infrastructure as specified in section B below
Any limitations	Non-potable water only from a groundwater source
Licence application date	6 August 2010
Date of grant of licence	23 April 2012
Licence review date	No later than: 23 April 2022
Area of operations	The City of Botany Bay Local Government Area
Conditions imposed on licensee by Minister (Act, section 13(1)(b))	Refer to the licence
Licence variation(s) (Act, section 15)	Varied on 9 March 2018 (5-yearly review), refer to licence variation for details.
Licence enforcement action(s) (Act, section 16)	Nil
<i>(A) For drinking water infrastructure,</i>	
Source(s) from which water handled by the infrastructure is derived	NA
Licensed retail supplier or public water authority that has access to the infrastructure for the purpose of supplying water to its customers	NA
Any other water infrastructure to which the infrastructure is connected	NA
<i>(B) For non-potable water infrastructure,</i>	
Source(s) from which water handled by the infrastructure is derived	Groundwater
Authorised purposes of water	Cooling tower make-up, industrial processes
Licensed retail supplier or public water authority that has access to the infrastructure for the purpose of supplying non-potable water to its customers	Orica Australia Pty Ltd (12_017R)
Any other water infrastructure to which the infrastructure is connected	Sydney Water Corporation's sewerage infrastructure with trade waste agreement
<i>(C) For sewerage infrastructure,</i>	
Licensed retail supplier or public water authority that has access to the infrastructure for the purpose of providing sewerage services to its customers	NA
Any other sewerage infrastructure with which the infrastructure is connected	NA
Description of the arrangements for the disposal of waste from the infrastructure	NA

General information

Licensee name	Flow Systems Pty Ltd Click here to see documents related to this licensee
ABN/ACN	136 272 298
Licence number	13_001R
Authorised persons (other than the licensee)	Nil
Licence type	Retail supplier
Authorised activities	To supply water and provide sewerage services by means of water industry infrastructure as specified in section A, B, C below
Licence application date	20 March 2012
Date of grant of licence	17 April 2013
Licence review date	Commenced on: 17 April 2018
Area of operations	Central Park, Pitt Town, Discovery Point, Wyee, North Cooranbong, Huntlee, Green Square, Box Hill North, Shepherds Bay. Refer to the relevant Network Operator licence for details
Conditions imposed on licensee by Minister (Act, section 13(1)(b))	Refer to the licence
Licence variation(s) (Act, section 15)	Varied on 7 July 2014 (Discovery Point), 20 October 2014 (Wyee Water), 14 May 2015 (North Cooranbong), 27 August 2015 (Huntlee and Green Square), 12 May 2016 (Box Hill) and 13 October 2017 (Shepherds Bay). Refer to licence variation for details.
Licence enforcement action(s) (Act, section 16)	Nil

(A) For drinking water supply services

Licensed network operator or public water utility from whose water infrastructure the licensee supplies water to its customers	Central Park Water Factory Pty Limited (12_022) Discovery Point Water Pty Ltd(13_025) Wyee Water Pty Ltd (14_026) Cooranbong Water Pty Ltd (15_033) Huntlee Water Pty Ltd (15_030) Flow Systems Operations Pty Ltd (Shepherds Bay) (17_042)
Source(s) from which water handled by the infrastructure is derived	Water from Sydney Water infrastructure (Central Park, Discovery Point, Shepherds Bay) Water from Hunter Water infrastructure (Wyee, Cooranbong, Huntlee)
Are any of the licensee's customers small retail customers	Yes
Details of any order under section 54 of the Act by which the licensee is declared to be a retailer of last resort	Nil

(B) For non-potable water supply services

Licensed network operator or public water utility from whose water infrastructure the licensee supplies non-potable water to its customers	Central Park Water Factory Pty Limited (12_022), Pitt Town Water Factory Pty Ltd (10_014) Discovery Point Pty Ltd (13_025) Wyee Water Pty Ltd (14_026) Cooranbong Water Pty Ltd (15_033) Huntlee Water Pty Ltd (15_030) Green Square Water Pty Ltd (15_031) Flow Systems Operations Pty Ltd (16_037) (Box Hill North) Flow Systems Operations Pty Ltd (17_042) (Shepherds Bay)
Source(s) from which water handled by the infrastructure is derived	Wastewater from various developments and Sydney Water Corporation's sewerage system. Stormwater from a stormwater channel is the source for Green Square Water.

Are any of the licensee's customers small retail customers Yes

Details of any order under section 54 of the Act by which the licensee is declared to be a retailer of last resort Nil

(C) For provision of sewerage services

Licensed network operator or public water utility by means of whose sewerage infrastructure the licensee provides sewerage services to its customers Central Park Water Factory Pty Limited (12_022),
Pitt Town Water Factory Pty Ltd (10_014)
Discovery Point Pty Ltd (13_025)
Wyee Water Pty Ltd (14_026)
Cooranbong Water Pty Ltd (15_033)
Huntlee Water Pty Ltd (15_030)
Flow Systems Operations Pty Ltd (16_037) (Box Hill North)
Flow Systems Operations Pty Ltd (17_042) (Shepherds Bay)

Are any of the licensee's customers small retail customers Yes

Details of any order under section 54 of the Act by which the licensee is declared to be a retailer of last resort Nil
