SOLAR FEED-IN TARIFFS 2017/18

Tuesday, 9 May 2017
10:35:04 AM

To Whom it May Concern, I am a grid-feed solar power owner and request that the feed-in tariff increase in line with the wholesale price of electricity. It should be regulated so retailers have to offer the increased price as a minimum. I've spent a lot of my own money to help the environment by reducing the load on fossil fuels and the electricity infrastructure. It would be wonderful for this value to be recognised through the feed-in tariff. Kind Regards, Joanne
