**SOLAR FEED-IN TARIFFS 2017/18**

**Tuesday, 9 May 2017**  
10:29:07 AM

I support the proposal to more than double the NSW solar feed-in tariff benchmark in line with the increased wholesale price of electricity. I support a fair price for solar and believe the feed-in tariff should increase in line with wholesale electricity prices. We should be compensated for taking the initiative to install rooftop solar to ensure Australia drives towards providing cleaner more environmentally friendly power.
