**Subject:** STATE RAIL PRICE INCREASES

Dear Sir,

STATE RAIL PRICE INCREASES

State rail price increases are never justified.

I have been catching the city trains daily from Parramatta to the city and return and I always stand up everyday morning and night even when I have a yearly train ticket.

The state government has not done anything to resolve any train issues ever since.

A train price hike has never been justified at all.

Please note that my gross pay is only \$33,000.
